

## Accessible Documents - Update.

55 Documents already downloaded.

3<sup>rd</sup> of these need to be converted to PDF.

Still approx 20 documents to download.

Once all downloaded and converted to PDF, will then get Liam to upload onto website.

Also approx 10 links to websites with lots of info on. These links will also be put on the website.

I have now had the software installed on my computer to convert documents to PDF so will do these by next Tuesday.(14<sup>th</sup> Sept).

Then all will be passed onto Liam to add to website.
